Dear Dr. Leaderburg :

I am sorry that your busy schedule prevented you from joining me at the breakfast this morning when I presented a proposal that we developed in California - an efficient, effective and economical health care system.

Because I hope that you will want to join in this effort, I am enclosing a copy of that proposal. Within a few days I plan to name an executive committee to study and evaluate my proposal and report to our group their opinions as to its feasibility and as to how we should best proceed.

Following that report, I shall be in touch with you again. In the meantime, I would be grateful if you would be willing to advise me at my Los Angeles office, telephone (213) 824-7333, as to your appraisal of my proposal and any thoughts or suggestions you might have concerning its implementation.

With appreciation for your interest, and best personal regards.

Sincerely,

George Murphy
